NEW ONCOBRED By C. G. WHITE

Our summer catalog will list our 1961 iris introductions. Here we present C. G. White's latest oncobred selected by Fae Bethurum from the C. G. White collection left in her care.

KALIFA KASHAN (White-Bethurum) Vigorous gold and brown bitoned oncobred that is both pollen and seed fertile. Few plants for sale. **\$25.00**

THIS IS THE YEAR TO BUY CRAIG. Iris and Daylily plants are unusually fine this year—grown largely in new fields of virgin soil. We have lots of plants.

Here are a few of our pet iris and daylilies in good supply. Put them on your lists for surprise packets, substitutes, and extras.

IRIS

FRANCES CRAIG (Craig) Giant ethereal powder blue oncobred of unmatched quality as a garden clump. "Queen of the Show" winner in big exhibits. Many times an award winner including: H. C. 51, H. M. 53, A. M. 55. Consistently high on the popularity poll. Good grower over a wide area from Texas to Quebec. Unbeatable in most mountain areas and on the desert. **\$1.50**

MARY McCLELLAN (Craig) Spectacular iris clump; there is nothing to match this stately giant deep blue. Wherever iris grow, reports tell of its fine performance. Bred and selected among avocado trees, it is at home with papayas and managos yet thrives in the winters of Chicago, Montreal, and the Bavarian Alps where it won a performance test over top iris from all over the world for its ability to produce long lasting flowers in great abundance on newly set plants. In 1959 the Aril Society International and The American Iris Society established the C. G. White award as a medal given annually for the best aril-bred iris in commerce. Mary McClellan won the first medal with no close rivals. Highly respected by experts, it was not widely known; we have had no stock to distribute. In spite of this, it made its debut on the popularity poll in 1960. I believe breeders will find it one of the few most valuable parents now available. We have beautiful plants this year and I hope enough; so put it on all your want lists. **\$3.00**

APRIL SHOWERS (Craig) Giant ruffled lemon with vigor, size, and stature of Mary McClellan. We have been slow to recognize its true worth. Here it is the best yellow iris. Unmatched performance and clear cool color enhances all garden pictures instead of distributing many color relations as do rich hot golds like Ola Kala, Cloth of Gold, and Gold Cup. We hear it seeds to White's oncobreds. We will try it more as a parent for it is a recessive yellow largely from Sass plicatas. Montreal reports: "Excellent in every way." **\$2.00**

BANG (Craig) New big vigorous red generally rated best red iris in commerce. "Queen of Show" at Salt Lake Show, HC 54, H. M. 55, A. M. 60. Tops in California. Montreal reports: "Tops!, grows well, increases well, blooms on good stem." Similar reports from Indiana, Washington, Germany, Texas, etc. Wonderful strong plants in good supply. **\$5.00**

BEAUCATCHER (Craig) Best pink for hot climates. Reblooms heavily anytime from Feb. to Dec. Heavy substance takes wind and heat. 3' **\$3.50**

DESERT ROSE (Craig) Different smooth cool rose colored remontant of great vigor. Cool red effect. **\$6.00**

ENGRAVED (Craig) Black lines all over big cream flower. A novel oncobred, runner up for White award in '59 and '60. **\$1.50**

FANCYWORK (Craig) Red stitch-and-thread all over pattern. Many big onco type flowers on well branched 36" stems. "Queen of Show" in big exhibits. First early; flowers with early dwarfs. Flowers and grows like a weed; hence cheap. (see center of order blank) **\$.75**

FIREBRIGHT (Craig) Flashy bright red. Most reliable remontant. Montreal: "Absolutely tops." **\$5.00**

GOLDEN TAN (Craig) Giant among Giants. New and loved by all who know it; far better than much-promoted browns and tans you hear more about. Best reports from all areas, Montreal "Stunner-Huge Bloom." In time it will replace rivals by its sheer worth and clear bright garden color. Enough fine stock for all. **\$7.50**

ORCHID & FLAME (Craig) Best orchid for hot areas. Reblooms heavily anytime from Feb. to Dec. Flame beard. 45" **\$2.00**

STOP (Craig) Makes best red garden clump in San Diego, Montreal: "Wonderful doer, good tall stems, large blooms." **\$3.50**

TOM-TOM (Craig) Giant bitone red with low wide-branched stems. One important breeder of red iris reports it in pedigree of all best seedlings. Montreal: "Excellent . . . short". **\$10.00**

DAYLILIES

WIDEYED (Craig) Boldest patterned daylily novelty and nearly everblooming. A debutante on daylily popularity poll. **\$2.50**

BLACK SIREN (Craig) Cool rose red with black eye. A novel quality flower reported tops in wide-spread areas. **\$10.00**

CITRON (I. Craig) Cool full lemon-lily. Will be widely used, for it blooms and grows like a weed. Highest quality. **\$8.00**

COURAGE (Craig) Rated finest red lily by top New England specialist, a Los Angeles grower, and another in hot Arizona desert. It's big, bright, bold, and bloomful for a long time. **\$12.00**

VALESCA (Craig) Palest blond amazon coveted by all. **\$7.50**

We have huge stocks of plants; list lots of extras or subs and receive real surprise packages

SURPRISE PACKAGE

We want you to try more of our introductions. Make up a long list of varieties you would be interested to try; I will select from your list and do my best to send a surprise package that will more than please you for whatever amount you wish to put into a collection, \$5.00, \$10.00, \$25.00, or \$50.00. If you pick enough for us to choose from, your satisfaction guaranteed.

All 7 Craigs and our remote 247 acre ranch are dedicated to breeding the finest flowers. I think this is the world's largest breeding project for iris and daylilies. Our newest varieties are in short supply and little known. Many of these are the flowers of the future. When possible these go into surprise packages. Awards come to Craig flowers only when widely grown - many years after introduction. Surprise package buyers get some very early. We want to make it easy for you to try our novelties.

More Plants for Your Want Lists - also use order blank.

***12 Tom Craig Collection** - \$5.00 Buys 10 diff. daylilies or iris carefully chosen by me for you to try in your area. Many of my favorites. Value at least \$10.00 Great variety: color, pattern, season. All may buy. Collection meant for new gardeners + new customers. Help me pick by stating your interests. You may order this offer many times without duplicating varieties. 7.

YOUR VERY OWN VARIETIES

Buy the best daylily and iris seed. This year we will heed your requests and offer our years of experience and famous breeding stocks to set seed especially for you. Quality in seed is all important. One top seed is worth more than mediocre millions. Daylily seed germinate as easily as radish. With good care they will flower the first year, almost 100% by the second year. Iris germinate more slowly and average 6 months longer to flower.

Satisfaction derived from hybridizing fine plants is not easily surpassed. You have the gamblers thrill of winning a horse race, or laying down a royal flush—plus the joy associated with creation rather than the discomfort associated with ill-gotten gain.

We welcome suggestions with seed orders but your answer will be seeds when we gather them. We can't take orders for definite crosses you suggest. Most seedlings should make good garden plants, some should be worthy of introduction. Seed should produce great variety with no two plants just alike; seed classification by color and type is a rough grouping.

Dear Friends:

Special offers to old friends are made in this letter. On the reverse side are listed most of the rarer varieties of hems + iris grown at Rancho de las Flores. We have only small stocks of most of these, but we need money more than we need plants. Hence these are all offered at a discount of 33 1/3 per cent. Or you may list them in your surprise packages to get the most for your money.

Daylilies or Iris, Your Best Buy is a Surprise Package. Send \$5.00, \$10.00, \$25.00, \$50.00. Then list varieties you want to try - mainly from Craig varieties in letter + bargain list. Make your list long, so we can have lots to pick from in making up your surprise. Then we will do our best to send one that will really please you.

Generosity with these orders should be easy. We have unusually fine stock. Supply of different varieties will vary. We will be out of some varieties soon. Order early! Make your want list long.

This letter won't be widely distributed, but it is crammed full of choicest iris + daylilies. We are ready to ship daylilies now, iris in June. Plants are the best ever. There are plenty to fill all orders generously.

I hope this envelope and its contents have amused and interested you. Jim, Mr. Swadell (our printer), and I have had a lot of fun making them for you. Jim liked the work so much he wants to do a lot more; so he offers to make up envelopes, letter heads, or bookplates for you. He wants to work with flower patterns now; there is so much good material available among our drawings that will be used, much as they have been used here. He will make a personalized envelope or letter head for all who want it. He'll oversee printing and mailing, and I've promised to help him. He is in school, so don't rush him. Show how you wish your present letter head improved. He's full of ideas, but welcomes suggestions. Quoted prices are express or post collect.

You will like having your own unusual garden stationery. Personalized, distinctive designs printed on Fine Hammermill Rippletone letter paper in black (and grey).
\$20.00 for 250 Sheets. Matching envelopes at same price.
\$25.00 for 500 Sheets. If you prefer printing in green,
\$30.00 for 1000 Sheets. Blue, brown, or red instead of in black; add \$1.00.

Yours, Tom Craig
